## WILSON AND LANSING CONFER ON PROTEST FROM MEXICO; TROOPS KEEP UP PURSUIT

American Forces Likely to Be Kept Over Border for Another Week.

ON NEW TRAIL TO-DAY

Reports of Progress Received at Marfa—Total of Dead May Be Six.

WASHINGTON, Aug. 22.—President Wilson and Secretary Lansing conferred for more than an hour at the White House to-day. It was intimated that they had under consideration the reply to the protest of the Mexican Government and the request that troops of the Eighth cavalry sent across the Mexican border in pursuit of the bandits be withdrawn immediately.

MARFA, Tex., Aug. 22.—The American punitive expedition against Mexican bandits who held Lieuts. Harold G. Peterson and Paul H. Davis, Army aviators, for ransom, was making progress to-day, according to advices from the field, and reports that the United States forces would be withdrawn at once were denied officially. No definite time has been fixed for the withdrawal, but it is understood that the plan of campaign includes at least another week's search through the mountains for the Renteria band.

The American troops camped last night at a place where there was plenty of water. The soldiers scouted the surrounding country throughout the day in separate detachments, but concentrated the camp at dark. The trails are so rocky and steep that pack mules carrying supplies fell over cliffs and several were lost. A number of horses of Major C. C. Smith's command also fell off the trail, but none of the horses' riders was injured. Five bandits are known to have been killed by the Americans so far, with a possibility of a sixth one, a bandit having been seen to fall from his horse when aviators returned there.

## MISSING CALIFORNIA AVIATORS NOT FOUND

Report That They Had Been Located Proves Groundless—Hunt Still On.

SAN DIEGO, Cal., Aug. 22.—Lieut. R. B. Fox, of Rockwell Field, misunderstood a conversation in the office of Col. Hanlon, Field Commandant to-day, and notified Miss Georgia Waterhouse, that her brother, Lieut. F. H. Waterhouse and Lieut. C. H. Connelly, missing aviators, had been found by a Mexican cavalry patrol.

Col. Hanlon later declared no word had been received at Rockwell Field concerning either pilot.

United States cavalry and aviators are still hunting along the border for Waterhouse and Connelly.

## LESS THAN 7,000 U. S. TROOPS WILL STAY IN GERMANY

List of Units Includes One Infantry Regiment and an Artillery Battalion.

WASHINGTON, Aug. 22.—American forces which will remain in Germany after Sept. 30 are the Eighth Infantry, Seventh Machine Gun Battalion, Second Battalion of the Sixth Field Artillery, 85th Field Signal Battalion, First Supply Train, First Mobile Ordnance, Repair Shop, Company A of the First Engineers, Field Hospital No. 13, and Ambulance Company No. 26. This was announced to-day by the War Department.

The aggregate strength of these units will be nearly 7,000 officers and men. The infantry regiment comprises 3,800, the machine gun battalion 775, the artillery 750 and the engineers 250, giving a total combatant strength of 5,500.

Emergency men in the units to be held in Germany are expected to be returned as casualties to this country as soon as they can be replaced by recruits from the United States.

Major Gen. Henry T. Allen will be in charge of the American forces on the Rhine and Brig. Gen. William D. Connor will be in charge of the forces in France. The two forces amount to separate expeditions.

Gen. Allen is a Kentuckian. He served as major and lieutenant colonel in the Spanish-American War and Philippine campaign and was made a captain in the regular establishment in 1895. The Distinguished Service Medal was awarded him for meritorious service in France as a division commander.

Brig. Gen. Connor was born in Wisconsin in 1874 and was appointed to the Military Academy from Iowa in 1893. He is an engineer officer.

## OPPOSES MAKING MARCH FULL GENERAL FOR LIFE

Minority Report Filed by Six Members of House Committee—All Favor Pershing.

WASHINGTON, Aug. 22.—Objection to making Chief of Staff March a full general for life was set forth in the House to-day when six members of the Military Affairs Committee filed a minority report against the bill authorizing the rank for March.

The six members endorsed the President's recommendation giving the rank to Gen. Pershing. The signers are Representatives Anthony, Kansas; Sanford, New York; Kearns, Ohio; Caldwell and LaGuardia, New York, and Fuller, Massachusetts.

## MAGISTRATE GETS STERN REBUKE FOR CARD CONVICTIONS

Judge Wadhams in Freeing Forty Pinochle Players Reprimands Sweetser.

GAME WAS FOR FUN.

Court Orders Transcript of His Remarks Sent to Mayor Hylan.

One of the most apologetic rebukes ever delivered from the bench to an officer of the Court was the exhortation to-day of Magistrate Sweetser by Judge William H. Wadhams in the Court of General Sessions when he dismissed, on appeal, the complaint against Hyman Goldstein and forty others for disorderly conduct.

The defendants were in a restaurant at No. 14 St. Mark's Place on the night of July 29, chatting, smoking and playing cards. Detective Thomas Gray and four plainclothesmen burst in on the pinochle players and arrested them. Detective Gray's testimony was that he heard one man shout to his partner after he had melded 350.

"Good boy, Harry! I knew you could do it," Judge Wadhams quoted the records of the police court, saying that when the proprietor declared that the men were playing cards for fun, just as they did in any club, Magistrate Sweetser told him that he didn't expect him to believe that, and that there was a difference between local conditions and those of Fifth Avenue.

"This case," said Judge Wadhams, "has all the earmarks of a complaint directed to be made by someone. Whether it was in behalf of those sensitive in the cause of maintaining law and order, or whether in behalf of those intent upon filling their own coffers at the expense of others, commonly known as graft, does not appear."

"It does, however, appear that the records show no evidence to sustain this conviction."

"Magistrate Sweetser should be severely reprimanded for finding such a verdict. The first duty of an administrator of the law is to observe the law. This case has come before me on a record in which the District Attorney finds himself in the humiliating position of being unable to point out the slightest scintilla of evidence to sustain the judgment. It is a disgrace."

"The judgment is reversed and the complaint dismissed. I direct the clerk to send a transcript of my remarks to Mayor Hylan."

When told of Judge Wadhams' remarks, Magistrate Sweetser said:

"I do not recall this case. I have tried several cases where the police have made arrests for disorderly conduct in raids, and when I have considered the evidence insufficient I have discharged the men. Judge Wadhams has a right to his opinion. I have a right to mine. Every man has the right of an appeal. I am not supernatural. Maybe Judge Wadhams is. I do not see what Mayor Hylan has to do with it. I am not a bit discouraged by this."

**\$25 Men's Suits, \$14.95**

Our special prices for to-day and Saturday, \$14.95 to \$17.95. Open Saturday night till 10. Hub Clothing, 874 Broadway.

## THREAT IS MADE TO TAKE TREATY FROM COMMITTEE

Decision to Prolong Hearings and Start New Investigations Arouses Indignation.

TALK OF WILSON TOUR.

Stories Circulated by Foes of Treaty That It Has Been Abandoned Are Denied.

WASHINGTON, Aug. 22.—President Wilson's proposed tour was again prominent to-day in treaty discussions as a result of developments since Tuesday when the President met the Senate Foreign Relations Committee.

Reports coming mostly from the Capitol that the President's trip had been abandoned are denied at the White House, although it is admitted that plans are still indefinite.

Decision of the Senate Foreign Relations Committee to lengthen hearings on the treaty by granting a hearing to Greek, Irish and Egyptian and mid-European representatives threatened to-day to renew the agitation for taking the treaty out of the committee's hands.

A majority of the committee took the position that the subject peoples who did not get "satisfaction" at Paris should be allowed to air their grievances.

Democratic members objected on the ground that additional hearings would needlessly delay the reporting of the treaty; that all those asking hearings, except the Egyptians, got some sort of hearing in Paris and that they have all, without exception, made clear the nature of their grievances to the Senate and the country through advertisements and other forms of publicity.

Democratic Senators to-day pointed out that the Senate is powerless to help the nations or subject peoples who claim they were unjustly treated. Indications are that if the committee keeps the treaty much after Sept. 1, an effort will be made to force its hand.

Senator Hitchcock, Administration leader, was preparing to-day to deliver his speech against textual amendments, but may not be able to get the floor.

At a conference yesterday in Senator Knox's office, the extreme radicals who want the treaty killed and some of those who will be satisfied with strong reservations, discussed their plans. Senator Reed, Democrat, attended the conference, which included Senators Knox, Lodge, Brandegee, Johnson of California, Borah, Fall and Moses. They claim 16 votes in favor of rejecting the entire treaty.

## MONTH'S SALE IN SCHOOLS; FIREMEN UNCOVER STORES

### 5,000,000 POUNDS OF BUTTER, HALF A BILLION EGGS, FOUND IN HUGE STOCKS OF HOARDED FOOD

Mayor's Firemen-Investigators Uncover Vast Quantity of Staples in Warehouses, Breweries and Old Buildings.

Mayor Hylan to-day made known the results of a city-wide investigation of food hoarding which he directed be made by inspectors of the Fire Department in the five boroughs. The results are far more startling than expected. They show that not only are warehouses used for the hoarding of foodstuffs, but that breweries and other buildings are being pressed into service for storage purposes.

Half a billion eggs, nearly 5,000,000 pounds of butter, 8,000,000 pounds of sugar, over 7,000,000 pounds of flour and about 45,000,000 pounds of coffee are among the staple foodstuffs unearthed by the Mayor's investigators. This information will be immediately turned over to the Federal authorities, who will decide where there is hoarding and profiteering.

Following is a list of the principal foodstuffs found:

Eggs (in cases).....	537,353,000	Fish, cases (canned).....	121,703
Butter, pounds.....	4,623,276	Pork, pounds.....	8,414,905
Beans (in bags).....	62,150,325	Vegetables (canned) cases.....	231,990
Sugar, pounds.....	8,417,173	(Including corn, peas, tomatoes, beans and asparagus).....	223,317
Flour, pounds.....	7,316,336	Rice (in bags) pounds.....	10,266,200
Coffee, pounds.....	44,356,593	Peas (in bags) pounds.....	9,532,440
Tea, pounds.....	1,771,111	Milk (condensed) cases.....	121,579
Tea, cases.....	86,657	Milk (evaporated) cases.....	67,580
Tea, chests.....	82,981	Pork and Beans, cases.....	22,380
Meat, pounds (fresh).....	15,772,846	Pork and Beans, curlicuts.....	11
Poultry, pounds.....	623,045		
Poultry, cases.....	6,500		
Fish, pounds.....	5,429,340		

"The detailed report of the Fire Commissioner, containing lists of foodstuffs, of which the above are a few of the most important items, and the quantity found therein, have been forwarded to me in order that they may be turned over to the proper officials to take action," said Mayor.

"The purpose of securing this data in regard to the storing and hoarding of the necessities of life was in order that the proper State or Federal authorities might be provided with accurate information which would prove of value to them in prosecuting hoarders of foodstuffs."

## COAL MINERS TO DEMAND 60 PER CENT. INCREASE

Six Hour Day, Closed Shop and Two Year Agreement to Be Asked.

WILKESBARRE, Pa., Aug. 22.—A sixty per cent increase in wages, a six-hour day, a closed shop and a two-year agreement, are the principal demands the anthracite mine workers probably will submit to the coal operators.

These demands were revealed here to-day when the scale committee reported to the Tri-District Mine Workers' convention which is in session here.

The delegates at once began discussion of the report, which it was predicted, will be adopted.

## GOLF A GAME, NOT A SPORT.

Massachusetts Court Fines Two Who Played on Sunday.

NEWTON, Mass., Aug. 22.—The District Court to-day held that golf, although not a sport, was a game, and that persons who played golf on Sunday violated the Sabbath law.

Edward N. Kimball and Howard Emerson, golfers, were fined \$5 each on the charge of participating in a Sunday game. They appealed and will be given a hearing in the Superior Court at Boston, Sept. 1.

## PRESIDENT MAY COME TO GREET GEN. PERSHING ON HIS ARRIVAL HERE

White House Makes Announcement; Holiday to Be Declared for First Parade in Washington.

WASHINGTON, Aug. 22.—PRESIDENT WILSON may go to New York to greet Gen. Pershing, who is expected to arrive from overseas about Sept. 4 or 5, it was announced at the White House to-day.

It was also announced that the President will declare a holiday for the parade of the 1st Division in Washington, Sept. 16, although he may not be in the Capitol on that date if he goes on his League of Nations tour.

It is not believed probable that the President will be in San Francisco to review the Pacific fleet Sept. 3 as planned.

## HYLAN GOES TO SARATOGA.

Mayor at Last Starts His August Week End Trip.

Mayor Hylan has at last been able to get away for the week end and left for Saratoga last night. He will return to his office Monday.

Several weeks ago it was announced from Saratoga that reservations had been made for the Mayor and his family. The Mayor was to spend the week ends there during August. Owing to traction strikes, however, the Mayor was unable to leave the city.

## Buyers of Government Canned Goods Trebled on Second Day—Bacon Supplies Arrive After Delay and Are Quickly Purchased.

The success of the sales of surplus army food to the people of New York through city agencies in public school buildings has been assured by the results to-day and yesterday, Market Commissioner Day, announced at noon.

"The experiment has proved completely successful," the commissioner said. "I have just placed a blanket order with the Government for all the food which the Government will allot to this city in unlimited quantity. The sales will probably be continued for a month."

The attendance of buyers at the schools to-day was three and four times as great as that of yesterday. Housewives learned from their neighbors who bought yesterday how easy it was to get Government food supplies at cut rates and flocked to the schools all morning.

Notwithstanding the increased numbers of purchasers to-day, the business moved more swiftly, because the newness of the method had worn off.

The popularity of the sales took a big spurt this afternoon when the long delayed deliveries of bacon began to appear at many of the schools. All yesterday and to-day there had been disappointment verging on anger when no bacon was found ready for sale except in one or two places in the Bronx.

Explanations that the city had taken 450,000 pounds of bacon from the Government warehouses and was getting it to the schools as fast as it could be broken up and weighed piece by piece only served to increase the anxiety of those who are waiting for bacon and nothing else.

Bacon sold at 24 cents to-day. It may go higher to-morrow if it is found that the 2 cents excess over the Government price of 22 cents does not pay for handling. The pieces sold in the schools this afternoon cost the buyers from a little over three and a half to six dollars. Few bought less than half a strip. The supplies offered were eagerly taken.

**CONDENSED MILK AND SOUPS ADDED TO STOCKS.**  
Condensed milk and soups were added to the pork and beans, peas, tomatoes and corn syrup offered yesterday in nearly all the schools.

Commissioner Day reported to-day that sales yesterday averaged \$1,000 at each school. Flushing High School did a business of over \$2,000 and Erasmus High School, Brooklyn, of over \$1,500.

Mayor Hylan published the following:

"I want to thank the women volunteers and the police officers, all friends of the plain people, who yesterday helped in the fine start made by the United States Government to co-operate with the City of New York to reduce the cost of living. I am sure we can count on full co-operation until the big task is completed."

The general demand for Government stores which was predicted by The Evening World when it demanded the sales to citizens and blocked the exportation to Europe of these supplies two months ago, was shown by direct appeals to the City Hall and the Bureau of Markets for more stores.

For instance, Rockaway, Neponset, and other places.
